Things are selling cheap at Moores.

Fruits of every variety at Zimmers.

Sugar is going down, the preserving season is over.

Hogs took a tumble of 50 cents per hundred in the markets last week.

The question as to the probable price of tobacco crop yet remains unanswered.

Clothing sale Saturday at Moore's.

Fresh oysters and celery at Zimmers.

Fishermen say "that now the river is washed out, there should be some good fall fishing".

The city lake contains more water than in years, and is still being fed by two large streams.

The continued rains of last week started the old cry of behind them work from the farmers.

The triumph of the Democracy is near at hand. Also the professional politician will soon be out of a job.

The Baptist Ladies Aid Society will serve dinner at the court house, court day. Come and get a good dinner and help the Society.

Come to the closing out sale at Moores.

And now to cap the climax, there is said to be a bumper crop of sorghum molasses, persimmons and chestnuts.

With the abundant crops of the country this year we are unable to see just why people contemplate hard times this winter.

Entries continue to come in to the Record Kershaw and turnip show. If it continues we shall surely live highly this winter.

Remember our entire line has to be closed out by Jan. 1st, in order to remodel our store. Great bargains.

Logan, Anderson & Tomlinson.

We will venture to say that at least three out of five of the house wives of the county "put up" enough fruit, vegetables and preserves to stock the family larder throughout the winter.

CHAUFFEURS LICENSE.

Mr. Dolph Rice, chairman of the board of examiners, for chauffeurs and demonstrators was in the city last Thursday and issued about 15 licenses to the local talent here. Dolph is a hustler and appears to be the right man in the right place.

MORE MAMMOTH VEGETABLES.

Entries to the Record's prize vegetable contest continue to come in. Mr. Robt. Speaks brought in a kershaw weighing 43 pounds 7 ounces, and Mr. Arch Kavanagh brought a turnip weighing 4 pounds and 9 ounces. If anyone think they can beat these exhibits, we yet have room for them.

PASS WITH HIGH HONORS.

Miss Margerite Morrow, who is teaching in the State Deaf and Dumb Institution in Columbus, O., passed the examination required her with flying colors. In Ohio all state employers are required to stand a civil service examination, and notwithstanding the fact that there was a class of six participated in the examination, and several of them were teachers of many years experience, Miss Morrow was second on the eligible list. This entitles her to a life certificate. She is comfortably located and very much pleased with her surroundings and work.

HIGH WATER LAST WEEK.

The oldest inhabitants are wrangling as to whether or not there was ever "more rain seen in October." While we have not been here long enough to class up with these citizens, yet we by no means a spring chicken, and we are free to confess we do not remember ever seeing so much rain in this particular month.

It rained almost continuously throughout the entire week, and in consequence the streams of the county were very high, causing much inconvenience. Rural carriers were delayed and compelled to detour in order to make their routes, schools were compelled to suspend because of the inability to cross the streams and people were deterred from coming to town to transact business. There was considerable complaint among the farmers as to their tobacco "burning" and corn rotting, and doubtless there was considerable of both, but we will venture to say that every farmer will have marketable tobacco and sufficient corn to last him through the winter, despite their wail that "the rain had ruined them."

A REMARKABLE FAMILY.

Mr. Robert Kennedy Conn, a well known resident of the Paint Lick section of the county, holds an unusual record. He is the father of eleven children and forty five grand-children, and has never lost a child, and but one grandchild. Mr. Conn is seventy years of age, and his good wife is but two weeks his junior. Before her marriage Mrs. Conn was Miss Mary J. Best, a member of the well known family of that name in the Paint Lick section.

These good people were born and reared near where they now live and their entire lives have been spent there. They have lived to see their entire family grow into useful men and women and to rear families of their own, with the exception of two sons who yet remain single.

Mr. and Mrs. Conn both still enjoy good health and bid fair to live many years. Mrs. Conn has suffered a serious illness within the last few months, but is again well, while Mr. Conn is in seemingly perfect health and bears his three score and ten years with the ease and grace of one not half so old. He is yet as straight as an arrow, active and with a keen relish for life. He is a man of the highest integrity, and with the unstinted respect of the people of the community in which he has so long dwelt.

Four of Mr. and Mrs. Conn's children reside in Lancaster, the Messrs Conn Bros. John and James conducting a hardware business, another brother William is employed by them, while Frank conducts a garage. Like their father, the boys are natural born machinists, and there is scarcely one of them but that can take apart and put together successfully any piece of machinery, from a Grand-father's clock to a threshing machine.

The triumph of the Democracy is near at hand. Also the professional politician will soon be out of a job.

The Baptist Ladies Aid Society will serve dinner at the court house, court day. Come and get a good dinner and help the Society.

TWO SPLENDID MEETINGS JUST CLOSED.

Rev. J. W. Mahan pastor of the Forks of the Dix River church, has just closed two very successful meetings. At the Fork Church he was assisted by Rev. E. B. English, of Berea and eighteen additions were added to this good old church; sixteen by baptism. At the Mt. Hebron church, Brother Mahan was assisted by Rev. J. L. Dotson, of Harrodsburg. At this place there were forty-seven additions, forty-four of them being by baptism.

CRITICALLY ILL.

Mr. Rufus Moss who was kicked about two weeks ago is suffering from internal bleeding over the left lung and lies in a critical condition at the home of his brother-in-law, Dr. J. M. Acton. Little hope is entertained for his recovery.

DEMOCRATIC SPEAKING COURT DAY.

Hon. James Garnett, will address the democratic voters of the county at the court house in Lancaster at 2 o'clock on the afternoon of Monday October 26th. Mr. Garnett is Attorney General of the state, is a splendid orator, a forceful speaker and every democrat in the county should hear him.

SPEED LIMIT LAW TO BE RIGIDLY ENFORCED.

City Council Takes Action.

Following the several accidents which have occurred recently as the result of the reckless driving of automobiles, and the resulting injuries to many of our citizens, the City Council has directed Chief Herron to enforce the automobile regulations TO THE LETTER and without fear or favor.

The speed of automobiles is limited by law in cities to 15 miles per hour in the residence section, ten miles in the more populous section and eight miles on crossings. The law as to the carrying of lights is also to be more carefully looked after. All autos are perfectly familiar with the various laws, but they grow careless and fail to observe them.

So flagrant has become the disregard and so many accidents has resulted that the Chief has determined to put a stop to it, and signifies his intention of bringing in the very first violator and have him face the Police Court. The public is thoroughly in sympathy with Mr. Herron in this movement to safeguard the hitherto unguarded public and hope that he may enforce the law without favor or discrimination.

SIMPLY BREATHE IT

That's the Way You Use Hyomei, the Safe Catarrh Remedy.

The most pleasant, easiest, harmless, and the really sensible method for the cure of catarrh is Hyomei, which can be had from any drug store. Just put twenty drops of the liquid in the small inhaler that comes with every complete outfit—then breathe it. A few minutes' use almost instantly clears the head and stops that annoying sniffing.

When using Hyomei every particle of air that enters the breathing organs is charged with an antiseptic, healing balsam that destroys the catarrh germs stops the unclean discharges from the nose, relieves the irritation and quickly heals the sore and inflamed tissues. The first day's use of Hyomei will show a decided improvement no matter how distressing the trouble.

Catarrh, which usually begins with a neglected cold, often becomes very serious illness, so don't wait but start using Hyomei today; it is inexpensive and R. E. McRoberts always sells it on the "No-cure-no-pay" plan.

KENTUCKIAN ESCAPES OPERATION BY USING MAYR STOMACH REMEDY

Mr. Burnett Says Wonderful Treatment Saved His Life With Few Doses.

Horace Burnett of Somerset Ky., was a sufferer from Stomach disorders for a long time. His condition became highly serious and he feared an operation.

He took Mayr's Wonderful Stomach Remedy and got swift results. In a letter telling his experience he wrote:

"Your treatment has certainly helped me wonderfully. I took my fifth dose last night and it brought good results. I have one more dose to take and I think I will be well. Your tonic is wonderful. I can eat anything now that I want to. I can never get over thanking you for your medicine, for I know it saved my life, for I have tried all the doctors and they said I would have to be operated on."

Such letters come from all parts of the country. This remedy is known for its remarkable results.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations and many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's MAYR'S. Go to R. E. McRobert's drug store and ask about the wonderful results it has been accomplishing in cases they know about or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful results.

DAIRY WISDOM.

Every successful dairyman raises his heifer calves to re-enforce or enlarge his dairy.

A thoroughly nourished cow, with a big appetite and a great digestive capacity, will give milk richer in butter fat than a half starved cow.

The cow that is a small eater and a "shy drinker" is always a robber in dairy herd.

The sire should always be a thoroughbred. In this way a profitable herd can be developed.

A high class bull calf can be found at this time of year at a reasonable price. Get one with a dairy inheritance on both sides.

THE ADVANTAGES OF WINTER DAIRYING

On most dairy farms where a good portion of the land is tillable the bulk of the feed given to cows should be home grown roughage, such as corn silage and legume hay. Especially is this true on high priced land, writes W. J. Fraser in the Country Gentleman. Under such conditions winter dairying has the advantage. With two such feeds as its basis a splendid ration can be made, and, though these crops require more work during the summer, there is much less work to do at this season, most of it coming in the winter.

Aside from the milk and the feed, the calf demands its share of consideration, for upon the proper raising of the heifer calves from the best cows depends the success of the future dairy herd. Here again winter dairying wins a point, as calves dropped in the fall usually do much better than spring calves because they are given more attention when kept in the barn until pasture season, at which time they will be six or eight months old. At this age their digestive systems are

Dutch belted cattle are the most striking in appearance, and of the dairy breeds the most popular, for that matter. They come from Holland. In general adaptation they are similar to the Holsteins, though smaller in size. The most outstanding characteristic of the breed is the white belt that encircles the animal. It is also present, even in grilles. The illustration shows the markings on the body of a pure bred Dutch belted bull.

sufficiently developed to enable them to thrive on pasture, and they are also better able to withstand the attacks of the flies during midsummer.

On the other hand, spring calves are usually turned to pasture before they are old enough to derive much nourishment from the grass, and they are not likely to be fed and cared for as regularly as they would have been had they been kept in the barn. Flies are very troublesome to young calves and are almost sure to stop their growth for some time—in fact, flies have been known almost to kill young calves that have been turned out without protection. A calf once stunted always shows the effect, no matter how good the subsequent feed and care may be.

A fourth factor in either system of dairying is the market. Market reports leave little room to doubt that the dairyman who sells milk on the wholesale market has a decided advantage when his cows freshen in the fall, as in such cases the bulk of the milk is produced at the time of year when dairy products are higher priced. The average price of milk for the first five years has been 40 per cent higher during the six winter than during the six summer months in northern Illinois and southern Wisconsin, and the average price of butter has been 10 per cent higher.

In some localities where cheap pasture is abundant cheese factories that run for the summer season only may make a profitable market to patronize. On the whole, winter dairying is the more profitable, as it points strongly toward economy of labor by a more uniform distribution of employment throughout the year, places the largest production of the year on the market at a time when prices are best, enables a skillful manager to raise and feed his crops so as to get the largest possible returns in milk and at the same time lets him raise calves to the best advantage.

Cows Infested With Lice. It will be necessary to cleanse, disinfect, whitewash and perfectly light and ventilate the stable if lice are to be eradicated. Wash affected cattle with a decoction of four ounces of tavesacre (larkspur) seeds to the gallon of boiling water. Repeat the application as often as found needed.

Toned Up Whole System.

"Chamberlain's Tablets have done more for me than I ever dared hope for," writes Mrs. Esther Mae Baker, Spencerport, N. Y. "I used several bottles of these tablets a few months ago. They not only cured me of bilious attacks, sick headaches and that tired out feeling, but toned up my whole system." For sale by all dealers.

Misses Letty Mae McRoberts

given by the Library Committee of the Woman's Club, Mrs. H. C. Kaufman, chairman of this department, being the promoter of the auspicious occasion.

The invitation list included the members of the club and the bridal party.

A musical program was rendered, Mrs. Jessie W. Sweeney chairman of the musical department, furnishing several piano solos, Miss Margaret Munson, of Medina, New York, brilliantly executing an instrumental composition, the bride-elect contributing a number in the way of a skillful piano performance.

Miss Mary Lee Lear rendering a vocal selection, and the members of the club joining in heartily singing "My Old Kentucky Home".

An interesting feature of the evening was the sudden appearance of Dan Cupid, Master V. A. Lewis personating the little winged god, who showed the head of the bride-elect with rose leaves. Mrs. H. C. Kaufman in behalf of the Library Committee of the club delivered a short address expressing the regret felt at the loss of so efficient a member as Miss McRoberts.

The pre-nuptial affair given at "Greenwood", the suburban home of Mrs. George D. Robinson, was one of the most elaborate social functions ever held in this city, the invitation list including about 85 guests.

The commodious apartments of the handsome brick residence were most artistically embellished in yellow, this being the leading color observable throughout the entire suite of rooms.

Mrs. George Robinson, Miss Nancy Walker, Miss Martha Kavanaugh, the bride-elect, Miss Letty Mae McRoberts, and the members of the bridal party stood in the parlor to receive the large assemblage of guests; after an interval of convivial enjoyment, Master Walker Robinson, attired as Dan Cupid, appeared on the brilliant scene propelling a miniature automobile containing a huge pumpkin which the gracious little god evidently intended to bestow upon the most important personage in the

Misses Helen and Martha Gd. were hostesses at an enjoyable luncheon in compliment to the bride-elect, Miss Letty Mae McRoberts and the members of the bridal party.

An enjoyable pre-nuptial affair in honor of Miss McRoberts was that tendered her by her young gentleman friend, Mr. H. Clay Kaufman; the assemblage was held at the Masonic lodge room on last Thursday evening and was in the nature of a card party; a most delicious luncheon course was served the select circle of society people.

Mrs. Robert Elkin McRoberts has entertained at a house party the past week. This "bevy of beauties" consisted of Miss Katherine Spindle, Miss Margaret Munson, Miss Betsy Ware, Miss Anne Cleghorn, and Mrs. Geo. Fort.

Miss McRoberts and her brides maids have been the recipient of much social attention and Lancaster was never known to be so gay as it was the past week.

Mrs. Robert Elkin entertained at a beautiful reception Saturday afternoon in honor of Miss Letty Mae McRoberts at the Woman's club room. Miss McRoberts together with Misses Munson, Cleghorn, Ware, Gill and Mrs. Geo. Fort, received with Mrs. Elkin.

The room was gorgeously decorated in autumn colors. Large jardinières and vases filled with dahlias and chrysanthemums having a background of ferns and potted plants, made the beautiful room more beautiful still. Madames Will Cook, John Storres, Joe Johnson and Frank Marksbury assisted in entertaining and Miss Nancy Walker and Miss Martha Kavanaugh presided at the punch bowl.

Autogther there was a happy ending of a week which had been one round of social gaiety.
